Good Morning Dan,

You should be able to put this project in Category 3.16 Social Determinants of Health: Community Violence Intervention.

Patrick

Subject: RE: ALPR's Justification Template

Patrick –

Attached is a justification narrative for our ALPR project. I could use some help identifying the appropriate categories from the Table since they appear a little different than the Interim Final Rule documents I have seen previously. I believe the most obvious justification is the law enforcement use of technology to reduce gun violence. However, I also feel there are compelling arguments for the positive economic impacts ALPR devices provide, especially to victim of motor vehicle theft.

The template was a little awkward, and thus, you might find my responses a bit repetitive.

I'm open to you input. Please let me know if there is anything at all you need from me to move this project forward.

Best regards,

Dan

Dan,

Attached is the template for you to use to develop your Justification Draft. Once complete, please send back so we can review and make any necessary edits and additions. Just an FYI, there will be limited staff around the holidays so please try to get it back to us as soon as you can so we can get it back to you by January.

Thank you,
Patrick
